NVIVO

Empower Your Campus with NVIVO

The Essential Research Tool for Academia

Most Trusted
QUALITATIVE ANALYSIS SOFTWARE
★★★★★

NVIVO is the leading software for qualitative and mixed-methods research, now available as a comprehensive campus license. Transform your university's research community by providing every student, faculty, and researcher access to the advanced tools they need for insightful analysis and academic excellence

Designed for Academic Excellence

Centralized, Flexible Access
- Provide NVIVO to every member of your institution through a single campus-wide license
- Supports research, teaching, and collaboration across all academic departments and disciplines.

Comprehensive Data Management
- Seamlessly import, organize, and analyze data from interviews, focus groups, journals, theses, surveys, audio, video, and literature reviews.
- Compatible with a range of formats: text, audio, video, images, PDFs, web data, and more.

Advanced Analytical Power
- Empower researchers and graduate students to code, categorize, and explore large volumes of qualitative data with ease
- Uncover rich insights using thematic analysis, auto-coding, word frequency queries, and more

Powerful Visualization and Reporting
- Translate complex findings into clear models, charts, maps, and word clouds.
- Export publication-ready visuals for papers, dissertations, and grant reports

NVIVO LEADING USERS

Why Choose a Campus License?

Equitable Access
Ensure every learner and educator benefits from NVIVO's capabilities—no barriers or individual licensing required.

Cost-Effective
A single, institution-wide license streamlines budget planning and renewals—no hidden fees, scalable for any university size.

Cost-Effective
Academic-grade security protects sensitive projects and maintains research integrity.

Support for Online and In-person Learning
NVIVO is compatible with both Windows and Mac, and supports team-based research via NVIVO Collaboration Cloud.

Faculty and Student Support
Includes training materials, workshops, and priority technical assistance for your entire academic community.

NVivo System Requirements

	Windows	Mac
Minimum system requirements	• 2.0 GHz dual-core processor (64-bit) • 4 GB RAM (sufficient if other applications on the computer do not have high memory use) • 1680 x 1050 screen resolution • Microsoft Windows 8.1 • Approximately 5 GB of available hard-disk space – or more depending on data storage needs	• Mac computer with an Intel Core 2 Duo, Core i5, Core i7, or Xeon processor • Mac OS X 10.13 (High Sierra) • 4 GB RAM • 1280 × 800 screen resolution • 8 GB SSD of available disk space—or more depending on data storage needs
Recommended system requirements	• 3.0 GHz quad-core processor or faster • 8 GB RAM (if running other applications with high memory use, consider 16 GB or more) • 1920 x 1080 screen resolution or higher • Microsoft Windows 8.1 or later • Approximately 8 GB of available hard-disk space – or more depending on data storage needs • Internet connection • Internet Explorer 11 or later, Google Chrome 44 or later • Default Printer Setup	• Mac computer with an Intel Core i5, Core i7, or Xeon processor • Mac OS X 10. 13 (High Sierra) • 8 GB RAM • 1440 x 900 screen resolution • 8 GB SSD of available disk space—or more depending on data storage needs • Internet connection • Google Chrome (required for NCapture—a browser extension that allows you to gather material from the web)

Ready to Advance Your Research Community?

Equip your campus with NVIVO and enable new levels of discovery, collaboration, and innovation. A campus license ensures everyone—from undergraduates to senior researchers—has access to world-class qualitative research tools
